

**Primary Non Fiction  
Book of the Month**

***ALPHABEASTS: An A-Z of Alphabetical Animals***

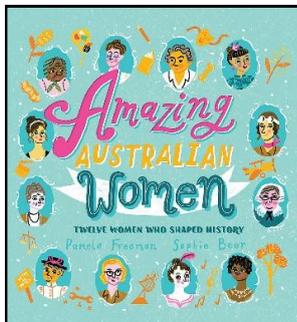

by Maree Coote

ISBN: 9780992491772 SCIS: 1882838

Each picture is created with the letters that spell each animal's name. Beginners - spot each letter of the alphabet in sequence as you turn each page.

Older readers - find all the letters that spell each animal. Try Letter Art yourself!

A brand new collection of illustrations by this award-winning illustrator. Every image is a typographic portrait of each animal subject, created using only the letters of each animal's name. Remarkable likenesses and body language. A great way to learn the alphabet, improve spelling, to discover typography, and to enjoy design.

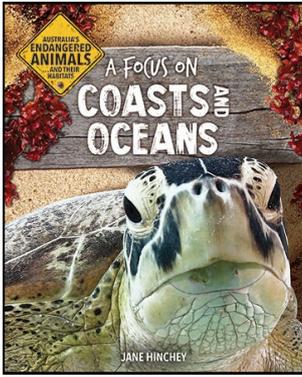

***Amazing Australian Women***

***Twelve Women Who Shaped History***

by Pamela Freeman & Illustrated by Sophie Beer

ISBN: 9780734418456 SCIS: 1877741

Meet twelve amazing Australian women who have changed the world, in small ways and large. Some of them are world famous, like Annette Kellerman and Nellie Melba. Some of them are famous in Australia, like Mary Reibey and Edith Cowan. All of them deserve to be famous and admired. These women are the warriors who paved the way for the artists, business owners, scientists, singers, politicians, actors, sports champions, adventurers, activists and innovators of Australia today. The featured women are: Mary Reibey - convict and businesswoman, Tarenore - Indigenous resistance fighter, Mary Lee - suffragist, Nellie Melba - opera singer, Edith Cowan - politician, Tilly Aston - teacher, writer and disability activist, Rose Quong - actress, lecturer and writer, Elizabeth Kenny - nurse and medical innovator, Annette Kellerman - swimmer and movie star, Lores Bonney - aviation pioneer, Emily Kame Kngwarreye - artist, and Ruby Payne-Scott - scientist.

## ***Australia's Endangered Animals...and Their Habitats:***

### ***A Focus on Coasts and Oceans***

by Jane Hinchey

ISBN: 9781925630688 SCIS: 1882872

#### **FACT!**

Australia has the worst mammal extinction rate in the world. Many of our native bird, reptile, fish and amphibian species are endangered.

AUSTRALIA'S ENDANGERED ANIMALS... AND THEIR HABITATS is an exciting new series that takes a look at some of Australia's most threatened animal species and their unique habitats.

#### **Learn about:**

- Dozens of Australia's most vulnerable creatures
- The habitats where Australia's animals live, feed and breed
- Identifying characteristics that make a species vulnerable
- Australian and international classification systems
- Threats animals face and what is being done to save them
- What YOU can do to make difference

Inside each book you'll find current information, maps, statistics, fun facts, and photographs. Every book is a valuable resource designed to support Australian students and teachers, and meet Australian National Curriculum requirements.
